

## OBJECTIVE

My first objective is to grow and learn as an industrial designer. My second objective is to be able to design and improve on medical/everyday tools to assist users.

## EDUCATION

**Bachelor of Industrial Design | Michael Graves College, Kean University**  
2013-2019

## EXPERIENCE

**Production Assistant and Design Technician | K&C Land Design and Construction LLC**  
SUMMER 2016 - TO PRESENT

- Efficiently and effectively executed ability to follow instructions to coordinate delegated tasks and responsibilities with reliable, and client-centered focus.
- Interacted with co-workers, managers and clients in a team-based approach.
- Exercised ability to follow design plans and instructions to create virtual 3D models. Exhibited software design skills to navigate Structure Studios Vip 3D used to create the models.
- Implemented design thinking, flexibility, creative judgement, and a client-focused approach.

**Landscape Assistant/Handyman | Green Xcapes**  
SUMMER OF 2015

- Managed and maintained lawns, landscape, and properties.

**Handyman |**

SUMMER 2010 - TO PRESENT

- Specializing in interior/exterior cleanliness of home; trash removal, assisting in the renovations and special projects when necessary.
