Experience

Internship

Apr 2016- Aug 2016

Klabs/Kean University, Union, NJ

Part of the Passive solar straw bale conference room project team. Helped build the Kean Wenzhou campus model.

Internship

Arcologica, NYC,

Worked on revising interior elevation drawings, exterior elevations, built a model in sketchup which was used May 2018 - Aug 2018

to present to a client. Created a set of construction drawings for a seven bedroom addition onto an existing beach house.

Study Abroad

Rome, Kean University

Partook in three short intensive studio courses that involved research, site analysis, 3d modeling, drawing, presentation, and video editing. Studied literature and the history of the present day state of architecture in Italy. Exposed to a plethora of ancient roman sites that ranged differently from its architect, its scale, site, material, program, orientation,
